

Healthy Cleveland-Active Living Survey **of City of Cleveland** **Community Development Corporation Staff**

January 2015

The Active Living subcommittee of Healthy Cleveland is conducting a survey of our local Community Development Corporations in order to learn more about the Active Living programming that is offered to area residents and what more you'd like to see in the neighborhoods you serve regarding both physical infrastructure and programming options.

Could I ask you some questions for our survey? I think it will take approximately 20 minutes. (arrange another call if they don't have time during your first call)

NOTE: We are defining Active Living as any physical activity in which residents might engage, such as riding bikes, playing Frisbee, soccer, dance, yoga, swimming, hiking, walking clubs, exercise routines, etc. Please use additional paper if needed.

- 1) What are the Active Living programs currently offered by you or other organizations in your community? Please include:
 - The age groups for each activity
 - How each activity is staffed, i.e. with paid staff or volunteers

- 2) What are the Active Living programs that you believe have been successful in your service area? Please rate them on a scale of 1 to 5 with 1 being the least successful and 5 being the most successful.
